Grant Application ref: Printer upgrades

Confirmation of lease / funding agreement

Gairloch & District Times community paper lease offices within Gairloch Community Hall. A copy of the present lease is attached.

I can also confirm that we are in agreement with the Gairloch and District Times application for funding support to replace the current printers. We have no concerns over the items covered by this application – indeed, we feel these will bring about worthwhile benefits for the paper, keeping its continued operation running smoothly and abreast of likely requirements for the future.

Yours faithfully,

Fran Cree – Vice Chair & Secretary of Gairloch Community Hall
