**Town and Country Planning (Scotland) Act 1997 (As Amended)
Planning Etc. (Scotland) Act 2006**

DECISION NOTICE

**Formation of cycle/walking path
Land 1070M NW Of Farmhouse, Broadford, Isle Of Skye**

The Highland Council in exercise of its powers under the above Acts **grants planning permission** for the above development in accordance with the particulars given in the application and the following documents:

Document Type	Document No.	Version No.	Date Received
Section Plan	D02		13.03.2025
Section Plan	D03	REV A	13.03.2025
Section Plan	D06.1	REV A	13.03.2025
Section Plan	D06.2	REV A	13.03.2025
Section Plan	D07	REV A	13.03.2025
Section Plan	D08	REV A	13.03.2025
Signage Plan	D13		13.03.2025
Signage Section Plan	D16		13.03.2025
Location Plan	L00	REV B	17.04.2025
Site Layout Plan	L01		13.03.2025
Site Layout Plan	L02		13.03.2025
Site Layout Plan	L02.1		13.03.2025
Site Layout Plan	L02.2		13.03.2025
Site Layout Plan	L02.3		13.03.2025
Site Layout Plan	L03		13.03.2025

CONDITIONS AND REASONS

This permission is granted subject to the following conditions and reasons:

- The development to which this planning permission relates must commence within THREE YEARS of the date of this decision notice. If development has not commenced within this period, then this planning permission shall lapse.

Reason: In accordance with Section 58 of the Town and Country Planning (Scotland) Act 1997 (as amended).

Dated: 13th October 2025

Dafydd Jones

.....
Area Planning Manager

PLANNING PERMISSION

- 2. Landscaping works shall be carried out in accordance with the submitted Schedule of Compensatory Planting and Schedule of Maintenance, both dated April 2025. All approved works shall be carried out in the first planting and seeding seasons following the commencement of development, unless otherwise stated in the approved scheme.

Reason: In the interest of biodiversity gain and visual amenity.

- 3. All surface water drainage arrangements shall be carried out in accordance with the submitted "Old Sleat Road Drainage Proposals" document dated 27 September 2025.

Reason: To ensure that surface water drainage is provided timeously and complies with the principles of SUDS; in order to protect the water environment.

Variations

None.

Section 75 Obligation

None.

IMPORTANT INFORMATIVES

Please read the following informatives and, where necessary, act upon the requirements specified:

REASON FOR DECISION

The proposals accord with the provisions of the Development Plan and there are no material considerations which would warrant refusal of the application.

FOOTNOTE TO APPLICANT

Initiation and Completion Notices

The Town and Country Planning (Scotland) Act 1997 (as amended) requires all developers to submit notices to the Planning Authority prior to, and upon completion of, development. These are in addition to any other similar requirements (such as Building Warrant completion notices) and failure to comply represents a breach of planning control and may result in formal enforcement action.

- 1. The developer must submit a Notice of Initiation of Development in accordance with Section 27A of the Act to the Planning Authority prior to work commencing on site.
- 2. On completion of the development, the developer must submit a Notice of Completion in accordance with Section 27B of the Act to the Planning Authority.

Copies of the notices referred to are attached to this decision notice for your convenience.

Flood Risk

It is important to note that the granting of planning permission does not imply there is an unconditional absence of flood risk relating to (or emanating from) the application site. The granting of planning permission does not remove the liability position of developers or owners in relation to flood risk.

Dated: 13th October 2025

Local Roads Authority Consent

In addition to planning permission, you may require one or more separate consents (such as road construction consent, dropped kerb consent, a road openings permit, occupation of the road permit etc.) from the Area Roads Team prior to work commencing. These consents may require additional work and/or introduce additional specifications and you are therefore advised to contact your local Area Roads office for further guidance at the earliest opportunity.

Failure to comply with access, parking and drainage infrastructure requirements may endanger road users, affect the safety and free-flow of traffic and is likely to result in enforcement action being taken against you under both the Town and Country Planning (Scotland) Act 1997 and the Roads (Scotland) Act 1984.

Further information on the Council's roads standards can be found at:

<http://www.highland.gov.uk/yourenvironment/roadsandtransport>

Application forms and guidance notes for access-related consents can be downloaded from:

http://www.highland.gov.uk/info/20005/roads_and_pavements/101/permits_for_working_on_public_roads/2

Mud & Debris on Road

Please note that it is an offence under Section 95 of the Roads (Scotland) Act 1984 to allow mud or any other material to be deposited, and thereafter remain, on a public road from any vehicle or development site. You must, therefore, put in place a strategy for dealing with any material deposited on the public road network and maintain this until development is complete.

Construction Hours and Noise-Generating Activities

You are advised that construction work associated with the approved development (incl. the loading/unloading of delivery vehicles, plant or other machinery), for which noise is audible at the boundary of the application site, should not normally take place outwith the hours of 08:00 and 19:00 Monday to Friday, 08:00 and 13:00 on Saturdays or at any time on a Sunday or Bank Holiday in Scotland, as prescribed in Schedule 1 of the Banking and Financial Dealings Act 1971 (as amended).

Work falling outwith these hours which gives rise to amenity concerns, or noise at any time which exceeds acceptable levels, may result in the service of a notice under Section 60 of the Control of Pollution Act 1974 (as amended). Breaching a Section 60 notice constitutes an offence and is likely to result in court action.

If you wish formal consent to work at specific times or on specific days, you may apply to the Council's Environmental Health Officer under Section 61 of the 1974 Act. Any such application should be submitted after you have obtained your Building Warrant, if required, and will be considered on its merits. Any decision taken will reflect the nature of the development, the site's location and the proximity of noise sensitive premises. Please contact env.health@highland.gov.uk for more information.

Protected Species - Halting of Work

You are advised that work on site must stop immediately, and NatureScot must be contacted, if evidence of any protected species or nesting/breeding sites, not previously detected during the course of the application and provided for in this permission, are found on site. For the avoidance of doubt, it is an offence to deliberately or recklessly kill, injure or disturb protected species or to damage or destroy the breeding site of a protected species. These sites are protected even if the animal is not there at the time of discovery. Further information regarding protected species and developer responsibilities is available from NatureScot: <https://www.nature.scot/professional-advice/planning-and-development/planning-and-development-advice/planning-and-development-protected-species>

Building Regulations

Please note that Building Regulations and/or a Building Warrant may be applicable to some or all of the works described in this decision notice. You must check with the Council's Building Standards service prior to work commencing to establish what compliance or approval is necessary. If a warrant is required, you must not commence work until one has been applied for and issued. For more information, please contact Building Standards at eBuildingStandards@highland.gov.uk or on 01349 886608.

Land Ownership/Planning Permission

For the avoidance of doubt, the existence of planning permission does not affect or supersede an individual's ownership or other legal rights. Please be advised that this permission does not entitle you to build on, under or over ground outwith your ownership or to enter private ground to demolish, construct or maintain your property.

Accordance with Approved Plans & Conditions

You are advised that development must progress in accordance with the plans approved under, and any conditions attached to, this permission. You must not deviate from this permission without consent from the Planning Authority (irrespective of any changes that may separately be requested at the Building Warrant stage or by any other Statutory Authority). Any pre-conditions (those requiring certain works, submissions etc. prior to commencement of development) must be fulfilled prior to work starting on site. Failure to adhere to this permission and meet the requirements of all conditions may invalidate your permission or result in formal enforcement action.

Utility checking on site

The <https://www.linsearchbeforeudig.co.uk/> website is a self-service website to allow you to check your proposal and site for utility assets before the commencement of any development on site.

SGN Overbuild Advisory Note

There are a number of risks created by built over gas mains and services; these are:

- *Pipework loading – pipes are at risk from loads applied by the new structure and are more susceptible to interference damage.*
- *Gas entry into buildings – pipework proximity increases risk of gas entry in buildings. Leaks arising from previous external pipework able to track directly into main building from unsealed entry.*
- *Occupier safety – lack or no fire resistance of pipework, fittings, or meter installation. Means of escape could be impeded by an enclosed meter.*

Dated: 13th October 2025

.....
Area Planning Manager

Please note therefore, if you plan to dig, or carry out building work to a property, site, or public highway within our gas network, you must:

1. Check your proposals against the information held at <https://www.linerearchbeforeudig.co.uk/> to assess any risk associated with your development **and**
2. Contact our Plant Protection team to let them know. Plant location enquiries must be made via email, but you can phone us with general plant protection queries. See our contact details below:

Phone 0800 912 1722 / Email plantlocation@sgn.co.uk

In the event of an overbuild on our gas network, the pipework must be altered, you may be temporarily disconnected, and your insurance may be invalidated.

Further information on safe digging practices can be found here:

- Our free Damage Prevention e-Learning only takes 10-15 minutes to complete and highlights the importance of working safely near gas pipelines, giving clear guidance on what to do and who to contact before starting any work <https://www.sgn.co.uk/damage-prevention>
- Further information can also be found here <https://www.sgn.co.uk/help-and-advice/digging-safely>

Initiation and Completion of Development

The Development Management procedures require that a Notice of Initiation of Development, and Notice of Completion are submitted to the Planning Authority before the commencement of development, and at the completion of the development.

Notice of Initiation of Development

A person who intends to start development that has been granted planning permission (including planning permission in principle) must, once they have decided the date they will start work, inform the planning authority of that date as soon as is practicable and before starting work. There is no minimum period of notice.

When planning permission is granted for the development, the planning authority must notify the applicant of the requirement to submit the notice and of the fact that failure to do so would be a breach of planning control under section 123(1) of the Act.

Notice of Completion of Development

A person who completes a development for which planning permission (including planning permission in principle) has been given must, as soon as practicable after doing so, give notice of completion to the planning authority. Failure to comply is not in itself a breach of planning control under section 123(1) of the Act.

The Notices of Initiation and Completion can be submitted using the online portal [ePlanning.scot portal \(external link\)](#).

RIGHT OF APPEAL, REVIEW ETC

1. If the applicant is aggrieved by the decision of the planning authority: to refuse planning permission for the proposed development; to refuse approval, consent or agreement required by a condition imposed on a grant of planning permission; to grant planning permission or any approval, consent or agreement subject to conditions; the applicant may require the planning authority to review the case under section 43A of the Town and Country Planning (Scotland) Act 1997 (as amended) **within three months** beginning with the date of this notice.

A Notice of Review Form can be downloaded at https://www.highland.gov.uk/downloads/file/6396/notice_of_review_form and any supporting documents can be submitted by email to Review.Body@highland.gov.uk or sent by post addressed to:

Highland Council Review Body
eProcessing Centre
Council Headquarters
Glenurquhart Road
Inverness
IV3 5NX

Notices of Review can also be lodged online via the ePlanning Portal at:
<https://www.eplanning.scot>

Please quote the relevant application reference number with any submission.

Please note that a completed Notice of Review Form (and any supporting documents) **MUST** be received by the Review Body **within three months** beginning with the date of this decision notice otherwise the decision cannot be reviewed.

2. If permission to develop land is refused or granted subject to conditions, whether by the planning authority or by the Scottish Ministers, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted, the owner of the land may serve on the planning authority a purchase notice requiring the purchase of the owner of the land's interest in the land in accordance with Part 5 of the Town and Country Planning (Scotland) Act 1997 (as amended).
